Hi Joe:

How are you doing? I know we spoke about Upper Mountain Road in the office. I now have access to Andrew Fessler's data for that assessment. Would you like Lyndsey and I to assess the data and develop cleanup values similar to how we approached CRU, HTC and NFB. Initially, we would just do this with existing data. Then we would determine if further assessment work would need to be conducted based on that evaluation.

Please let me know. Thanks

Regards,

Eric
